Our organisation is unique in that it combines a working tramway museum with a men's shed.

We offer a unique environment that provides you with the opportunity to utilise your skills to benefit you, the museum, and the community of which we are part of. In particular, we are always seeking persons holding current certificates in electrical or mechanical trades, and interested in tram maintenance to join our team.

WHO ARE WE?

We are a not-for-profit organisation, staffed only by volunteers. We rely on public donations and admission fees for our income.

Within the grounds we are home to the Brisbane Tramway Museum (with 7 working trams), metal workshop, wood workshop, tram restoration and maintenance facilities, including HV power systems and DC traction transformers, as well as an archive section and retail outlet.

We are governed by a board of directors and each activity has its own leadership team.

Members come from all walks of life - no matter what your skills are, you are most welcome. There is no obligation to be actively involved in projects. If you do participate in projects, you will find the Museum to be an interesting and rewarding place, working and volunteering alongside a great group of like-minded people.

WHAT WOULD YOU LIKE TO DO?

There are many things to do to keep our organisation running. Here are some of the possible things that may be of interest to you:

- Woodwork
- Metalwork (sheet metal, fitting and turning)
- Mechanical work (diesel mechanic, tram maintenance and restoration mechanic)
- Tram restoration (painting, repairs, cleaning)
- Electrical traction and power systems
- Museum Operations (tram conductor/motorman, retail sales, tour guide, tradesman)
- Gardening and ground maintenance
- Storeman
- Archive assistance
- Marketing and admin
- Event management

WHEN?

We are open for members to do their work on Tuesday (8am- 2pm) and on Friday morning (8am- 12 noon). Starting and finishing times are flexible.

We are open to the public on Sundays from 12:30pm-4pm. On public operating days, members involved usually arrive from about 10:30am onwards to prepare trams and check and open facilities. Occasionally, the Museum conducts guided tours and group events during the week. The Museum is not open if raining.

INTERESTED?

Fill in the Membership Application and e-mail it to us or better still, deliver it to us personally at any of the times mentioned above.
